UAW Local 600 Organizing Department DARIEUS FINKLEA, ORGANIZER

UAW Local 600 has a rich history of fighting for social and economic justice since 1938 and was one of the most active and progressive UAW Locals during the civil rights movement.

Local 600 represents over 45 different bargaining units, ranging from autoworkers, steelworkers, skill tradesmen, truck drivers, laborers, health care workers and technical office professionals, just to mention a few. Local 600 is the largest private sector UAW local in the United States, with over

thirteen thousand active members and over sixteen thousand retired members.

Local 600 helps build communities by fighting against: illegal foreclosures, blight in the neighborhoods, and employers that treat their employees without dignity and respect by paying their workers poverty wages. We help workers at non-union facilities make positive changes in their workplace by uniting them and teaching them how to exercise their federal protected right of forming their Union. We also help our community by feeding the less fortunate.

Companies that don't have Unions are considered At Will Employers, this means that you can be legally fired for no reason at all and the workers have no voice in what affects them or their coworkers on the job. At Will Employers embrace the dictatorship philosophy style of management and this sort of work environment provides no job security or future for you and your family.

If you, a family member, friend or neighbor need assistance in creating a democracy in the workplace by forming a Union, please call Darieus Finklea in the UAW Local 600 organizing department at 313-842-5647 and we will be more than happy to assist your facility organizing needs.

Ford Medical Services Unit MARSHA BROWN, RN, CHAIRPERSON

Hey Team! It has been a pleasure being your Chairperson for the last ten months. It was a little disappointing that almost a third of the members did not vote. Mary Duderstadt is our only non-dues paying member at this time, prohibiting her from voting in Union elections.

I want to take a few seconds to discuss the supplemental pools. I received word today; Van Dyke has hired two supplemental nurses to start orientation in May. Van Dyke has been working with one supplemental for over a year and before that only two for a long time. The headcount allotted three. I had to ask corporate HR to get involved to convince Van Dyke to hire two supplemental nurses. But I am happy to report it is done. Bottom line the east side pool is filled!

On the west side, in 2015 there were only 11 supplemental nurses. We now have a head count of 15.

Both supplemental nurse pools are filled and the west side has increased in size. Hopefully, everyone will be trained by summer vacations!

I want to thank the Rouge Chairs that helped make my transition into the chairperson role a little easier. Vice presidents Kelly Peters and John Lindsey always have a nice word to say. For others, respect and proper intonation is expected and appreciated while in medical.

To Local 600 Leadership, you guys are awesome! Your leadership, the charity work, everything! The personalities! Thank you to Mark DePaoli in having to teach me and then explain again.

Again Nurses, Thank you for giving me this opportunity. I am looking forward to going back to being a staff nurse. That is where my heart is.

MIDWESTERN DENTAL & MIDWESTERN VISION

WE ARE PROUD MEMBERS OF UAW LOCAL 600!!!

MIDWESTERN DENTAL

Midwestern Dental Plans are proud members of UAW Local 600. We would like to remind you of the tremendous benefits your union officials have worked hard to offer you as an employee of Ford Motor Company and AK Steel. For over twenty-five years Ford Motor Company employees have not only enjoyed 100% coverage from Midwestern Dental Plans, it is also the "SMILE WITH THE UNION LABEL"! There are over 125 Midwestern Dental employees who are fellow members of UAW Local 600. Those individuals who have taken advantage of Midwestern Dental Plans have not had any out of pocket expenses and that includes 100% coverage for braces for their children. In addition to the excellent coverage this Plan has there are no deductibles, no claim forms and no maximums.

Midwestern Dental Plans encourages you and your family to make an appointment. We offer state of the art dental procedures including the latest in cosmetic dentistry, implants and teeth whitening. UAW Local 600 members receive a discount for any cosmetic procedure of your choice. So take advantage of this opportunity to have the smile you have always wanted.

Call **800-544-6374** or **313-581-6824** for more information. Sign up today!!!! You can also visit us on the Web at www.midwesterndental.com.

MIDWESTERN VISION

Midwestern Vision is a UAW facility organized since 1980. Since then we have serviced our fellow Brothers and Sisters for all their vision needs. We are providers for all Local 600 Retirees for both Ford Motor Company and AK Steel. For the members of Local 600 who have SVS Vision coverage you can utilize our Midwestern Vision Center at 5050 Schaefer Road as your provider.

If you have concerns with your eyes, we have three of the finest Ophthalmologists in the State of Michigan. We offer Glaucoma and Cataract Testing as well as Lasik Surgery. We can tailor a plan to fit your vision needs even if you don't have vision benefits. When using Midwestern Vision you are helping to save a Union job.

We are Midwestern Vision! We are UAW!
We are at 5050 Schaefer Road in Dearborn!!

Call us for your next eye appointment at **313-582-8080**

Union Hockey is Here!

Local 600 has a long and storied history... but it has something new to be proud of: Hockey! UNION Hockey. There have been Region 1A all-star basketball and softball leagues for many years. Local 600 has been very successful in those leagues. With the desire for an "all union" hockey league, a team was formed here in the Rouge to take part in a Region 1A All-star hockey league.

While waiting for other locals to form their own teams, our team joined an existing league in Trenton. As with anything new, there were plenty of details to work out (try-outs, uniforms, day & time we could skate, etc.) Through perseverance, the team began to gel.

The team finished the season strong and headed into the playoffs with a healthy amount of "enthusiasm." With fans cheering, the squad advanced to the Finals,

ultimately succumbing to a much younger team. Looking back, the season was a runaway success. We were able to take workers from the entire spectrum of Local 600 (AK Steel, Comprehensive Logistics, Truck, Stamping, Brownstown, Voith) and, with this, we made a unified group.

What's next? With the assistance of many interested parties, the push is on for an all UAW league. By meeting other hockey loving "rank n filers" and UAW staff, at the Region 1A expo, teams have been formed at Local 900 and 3000. There is a push going on within Local 387 (Ford -Woodhaven) as well as Local 372 (Chrysler - Trenton.) This fall, we're hoping there may very well be SOLIDARITY ON ICE! Any members interested in more details should email James R Carr at dedication247@live.com.

Our new leadership team has been chosen by this membership to represent them on behalf of the labor movement. I have full confidence they will work hard in continuing to strengthen our collective goals.

Union elections are never easy, which at times, can weigh heavily on the candidates running for office, along with our members. Our unit election was very competitive and there were a lot of great choices, with only so many elected positions opened. I ask that all the candidates stay involved and continue to be active because the union needs you. The labor movement is constantly under attack and we need everyone's involvement to ensure the survival of organized labor, so stay involved!

I would also like to express my sincerest gratitude to this membership for trusting me to lead this membership as your President. I will continue to my focus to improving our quality of life in the workplace and securing our future. Thank you for placing your trust in me to represent this great membership.

INFLATION BONUS

The inflation bonus lump sum of \$1,500 will be payable during the week of June 11, 2017. Full-time seniority employees must be on company rolls by May 15, 2017 to be eligible for the payment.

Eligible employees are defined as those whose status with the company as of the eligibility date is one of the following:

- Active with seniority – full time and more than 90 days
- On temporary layoff status
- On leave pursuant to family and medical leave act
- On leave of absence beginning not earlier than (90) days prior to the eligibility date

VACATION PAY STRUCTURE

The committee and I have received a lot questions about the negotiated vacation pay structure and the amount hour hours for years of service. The chart below is vacation / personal time based on years of service. 40 hours of the total vacation entitlement in the chart is personal time. Feel free to contact anyone on the union committee if you have any questions about the vacation structure.

Years of Seniority	Years on Active Rolls	Vacation Entitlement
1 but less than 3	One year or more	2 weeks and 2 days with 96 hours pay
3 but less than 5	Active at some time in each of any 3 years	2 - 1/2 weeks' vacation with 100 hours pay
5 but less than 10	Active at some time in each of any 5 years	3 weeks' vacation with 120 hours pay
10 but less than 15	Active at some time in each of any 10 years	3 - 1/2 weeks' vacation with 140 hours pay
15 but less than 20	Active at some time in each of any 15 years	4 weeks' vacation with 160 hours pay
20 or more	Active at some time in each of any 20 years	5 weeks' vacation with 200 hours pay

WAGE RATE INCREASE

A general wage increase of three percent (3%) will be effective for employees whose straight time hourly wage rate was \$27.82 or more as of the effective date of this agreement.

Effective September 17, 2017, employees who were eligible for a base wage increase according to section 2 (a) (i) shall receive a second base wage increase of three percent (3%) increase added to their base rate.

UAW-FORD SCHOLARSHIP FOR DEPENDENT CHILDREN

ELECTIONS: This month's issue of our Local paper has the election results posted. I first want to congratulate all those who were elected as well as those that put themselves out there for the membership who did not succeed. The democratic process is important for our Union as well as our country and is the cornerstone of everything we stand for. I also would like to thank those that participated in this process. Casting your vote is a right that should never be taken lightly. Lastly, I would like to thank all those that have supported me and my whole team. All were reelected by a large margin. I am humbled and honored to serve the membership for my 3rd consecutive term. Thank you all .

LOCAL 600 STEEL UNIT
Steve LaBodie, President

ELECTIONS: I would like to thank all of the active members and retirees that came out in some really terrible weather to participate in our election process. Casting your vote in any election is an important part of our democratic process and the backbone of our Union. I would also like to acknowledge all of the members that ran for an elected position and congratulate those that won. Those who expend the effort and energy to seek an elected position in the Union honor the process by having the initiative and motivation to want to make a difference. Thank you.

NEGOTIATIONS: We are still in negotiations, awaiting approval from the UAW Legal department before we can make any additional progress. Hopefully, the answer will come soon and we can get the tentative agreement finished and present it to the membership for ratification. We will notify the membership as soon as we have some new information.

RETIREMENTS: Congratulations for a long, healthy and happy retirement are extended to our members who have recently retired.

- **Laura Hougas**, Steel Inspector, Dept. 3684
 - **Jeff Jackson**, MTM Welder, Dept. 1721
 - **Art Lash**, MTM Welder, Dept. 7601
 - **Paul Zagar**, MTE Instrument Repair, Dept. 1736
- May you all enjoy the retirement of your dreams. You certainly have earned it.

CONDOLENCES: On behalf of the entire Steel Unit Committee, I would like to extend our deepest condolences to all of our members who have recently lost family members. We were saddened to learn of the passing of two of our retired brothers. **Ralph Colaluca**, retired Shipping Crane Operator passed away very suddenly. Ralph is the father of John and Tony Colaluca who both work in the Hot Strip Mill. **Dennis Wieneke**, retired BOF Electrician passed away on April 19, 2017. Our deepest condolences are extended to both the Colaluca and Wieneke families. May they and all those who have gone before them rest in peace.

THE TRUE MEANING OF MEMORIAL DAY

Another Memorial Day has come and gone and hopefully each of us had time to reflect on the true meaning of Memorial Day. Many people just think of it as the beginning of the summer season. People put boats in the water, open beach houses, and head out to campgrounds to celebrate the arrival of the warm weather. Our focus on the start of summer, the joy of a long weekend and the opening of the backyard grill means we often lose sight of the purpose and origins of the holiday.

On May 5, 1868, three years after the Civil War ended, Maj. Gen. John A. Logan established Decoration Day as a time for the nation to decorate the graves of the war dead with flowers. He was the head of an organization of Union veterans, the Grand Army of the Republic (GAR), and declared that Decoration Day should be observed on May 30. It is believed that date was chosen because flowers would be in bloom all over the country." 103 years later Congress passed the National Holiday Act of 1971 making Memorial Day an official holiday and recognizing it on May 31.

The real purpose of Memorial Day is to remember the sacrifices of the men and women who gave their lives

in service to our country. Since the earliest ceremonies in small American towns following the Civil War, we have gathered to honor and remember those who made the ultimate sacrifice in service to our nation. As in those early days of laying wreaths and placing flags, our national day of remembrance is often felt most deeply among the families and communities who have personally lost friends and loved ones. Many communities have events at cemeteries where veterans and spiritual leaders speak. Other cities and towns host parades to honor the military both past and present. However, in many cities around the country, these events have been forgotten and have begun to fade away. We must always remember the importance of taking the time to remember the sacrifices of our fallen soldiers that bought the very freedom we, more often than not, take for granted.

REMINDER

Local 600 Veterans Group holds their monthly meetings at 12:00pm on the second Wednesday of the month at Local 600. Our next meeting will be held on Wednesday June 14th, 2017.

—Ernie Bailey, Local 600 Veterans Group

INSIDE ALABAMA'S AUTO JOBS BOOM (Continued)

Occupational Safety and Health Administration shows Elsea and three co-workers waiting impatiently. The team had a quota of 420 dashboard frames per shift but seldom made more than 350, says Amber Meadows, 23, who worked beside Elsea on the line. "We were always trying to make our numbers so we could go home," Meadows says. "Everybody was always tired."

After several minutes, Elsea grabbed a tool—on the video it looks like a screwdriver—and entered the screened-off area around the robot to clear the fault herself. Whatever she did to Robot 23, it surged back to life, crushing Elsea against a steel dashboard frame and impaling her upper body with a pair of welding tips. A co-worker hit the line's emergency shut-off. Elsea was trapped in the machine—hunched over, eyes open, conscious but speechless. No one knew how to make

the robot release her. The team leader jumped on a forklift and raced across the factory floor to the break room, where he grabbed a maintenance man and drove him back on his lap. The technician, from a different part of the plant, had no idea what to do.

Tempers erupted as Elsea's co-workers shoved the frightened man, who was Korean and barely spoke English, toward the robot, demanding he make it retract. He fought them off and ran away, Meadows says. When emergency crews arrived several minutes later, Elsea was still stuck. The rescue workers finally did what Elsea had

failed to do: locked out the machine's emergency power switch so it couldn't reenergize again—a basic precaution that all factory workers are supposed to take before troubleshooting any industrial robot. Ajin, according to OSHA, had never given the workers their own safety locks and training on how to use them, as required by federal law. Ajin is contesting that finding. An ambulance took Elsea to a nearby hospital; from there she was flown by helicopter to a trauma center in Birmingham. She died the next day. Her mom still hasn't heard a word from Ajin's owners or senior executives. They sent a single artificial flower to her funeral.

**DEARBORN
ENGINE PLANT**
Frank Engel, President

Greetings Brothers and Sisters, I want to take a minute to thank everyone for your continued support for myself, and the entire UAW staff at Dearborn Engine. I'm honored and thankful to announce that everyone ran unopposed in this year's elections. Congratulations to Vice President Kelly Peters, Bargaining Rep Robbie Burke, Dayshift District Committee David DeSlover, Afternoon District Committee Julius Matthews, Financial Secretary Steve Noffke, Election Committee Tonjia Ray, Trustee JoAnn White, Sargent at Arms Adrian Slaughter and Local 600 Trustee Kathleen Reese. Special thanks to all the employees and retirees who still came out in the horrible weather and exercised your right to vote for Trustee and Guide of Local 600. I'm looking forward to working with everyone the next 3 years.

Diabetes affects all families and is a daily struggle personally for myself. Please help me in supporting Tony Turner (Hilo #3 shift) and John Johnson (TL team 5 #3 shift) as they're going to participate in a Ride to Cure Diabetes in New York. The ride is 100 miles and is September 14th-17th in Saratoga Springs NY. I ask that you consider donating so that we can ensure both Tony and John meet their goal of \$5,000 each. We currently have a page set up for both Tony and John. If you have the means to help support them, please go to JDRF ride for a cure 2017. When you click on donate, it will allow you to type in their names and go directly to their page for donations. Thanks to all who can help.

In Closing, I truly am thankful for the membership and will not stop the fight for new work at Dearborn Engine. We deserve more than just an upgraded engine. We have been through some of the worst times at DEP in regards to sales of the Focus. The main reason for the lack of sales continues to be the low gas prices, incentives on the Fusion (that make it more appealing) and the transmission that has had issues for a few years. I could not be any more proud of the work that everyone continues to do in these difficult times.

INSIDE ALABAMA'S AUTO JOBS BOOM:

Cheap Wages, Little Training, Crushed Limbs

The South's manufacturing renaissance comes with a heavy price

Regina Elsea was a year old in 1997 when the first vehicle rolled off the Mercedes-Benz assembly line near Tuscaloosa. That gleaming M-Class SUV was historic: Alabama, the nation's fifth-poorest state, had wagered a quarter-billion dollars in tax breaks and other public giveaways to land the first major Mercedes factory outside Germany. Toyota, Honda, and Hyundai followed with Alabama plants of their own. Kia built a factory just over the border in West Point, Ga. The auto parts makers came next. By the time Elsea and her five siblings were teenagers, the country roads and old cotton fields around their home had come alive with 18-wheelers shutting instruments and stamped metal among the car plants and 160 parts suppliers that had sprouted up across the state.

A good student, Elsea loved reading, horses, and dogs, especially her Florida cracker cur, named Cow. She dreamed of becoming a pediatrician. She enrolled in community college on a federal Pell Grant, with plans to transfer to Auburn Uni-

On June 18, Elsea was working the day shift

when a computer flashed "Strud Fault" on Robot 23.

Bolts often got stuck in that machine, which mounted pillars for sideview mirrors onto dashboard frames. Elsea was at the adjacent work-

station when the assembly line stopped. Her team called maintenance to clear the fault, but no one showed up. A video obtained by the
